

Guarantee

Guarantee – for 10 years

We guarantee the color stability of solid sheets, multi-skin sheets, corrugated sheets, blocks, tubes and rods marketed under the PLEXIGLAS® trademark for 10 years

Color Stability Guaranteed

In the exercise of our due care as manufacturer, we use the best available pigments and colorants to color our PLEXIGLAS® products. The pigments and colorants receive additional protection against weathering by being embedded in highly UV-stable PLEXIGLAS®. The natural UV stability of PLEXIGLAS® also ensures that the product surfaces retain their original gloss and are not eroded.

In all types and grades of product, color changes within ten years are so slight that they are not visible upon normal visual inspection.

In addition to this guarantee of color stability, we provide specific guarantees for individual projects. You will find more information at www.plexiglas.net

IMPORTANT: This Guarantee Statement is a legally non-binding convenience translation of the original German language „Farbgarantie“ available under www.plexiglas.de. Any rights or claims alleged to be available under or in relation to this Guarantee Statement shall exclusively be governed by the German language „Farbgarantie“.

Colour guaranteed

Within the framework of “normal inspection viewing” it is assumed that potential colour changes would occur evenly and very slowly over the entire period in question and that the inspection viewer would not carry out a quantitative colour comparison upon delivery and after 10 years.

Terms & Conditions, Exclusions

All guarantee values shall be determined using cleaned specimen. In case of complex profiles, the measured values shall be determined on flat and plane-parallel specimen, since otherwise the material values cannot be determined with sufficient accuracy. Textured semi-finished goods – only on the more roughly textured side if both sides are textured – must be measured with the textured side facing the light source, at the original thicknesses. The products must have been stored, transported, processed, installed and used in accordance with the requirements of the subject materials. They must not have been thermally moulded or exposed to detrimental effects of harmful chemicals. For information on proper use, care and deployment of our products go to www.plexiglas.net on the internet and see the relevant print publications.

Duration of Guarantee

This Guarantee begins with the day of delivery to the end-user and expires upon deinstallation of the first application, intentional or wilful destruction, or 10 years after the date of purchase, whatever occurs earlier. Any Guarantee claims shall exclusively be determined and governed by the version of this Guarantee Statement valid on the date of purchase of the material in question. The applicable version(s) in each case are found at www.plexiglas.net
